VOL. XXXII

SOUTH SAN FRANCISCO, SAN MATEO COUNTY, CALIF., THURSDAY, JUNE 4, 1925

NUMBER 23

San Carlos Wins Fight

The petition of San Carlos property owners and voters for a special election at which they may vote on the proposition of incorporation of that community into a municipality was favorably acted upon at the meeting of the board of supervisors held Monday in Redwood City.

Attorney A. J. Stebenne, representing petitioners, addressed the board and said that all differences between his clients and the authorities of Redwood City had been adjusted. Attorneys Ross and Ross, on behalf of W. C. Chipman, representing the Phelps estate heirs, objected to the inclusion of certain marsh lands within the limits of the proposed municipality. White Oaks tract was also excluded and these concessions were granted.

Show Willingness

Representatives of the Koff Realty Company, which is now subdividing a large tract of land just south of the business district of San Carlos, declared that they are willing that their land should be included in the new town if the land of the Morse Seed Company is also included.

Attorney J. E. McCurdy, representing the Morse Seed Company, objected to this on the ground that the land owned by his clients is classed as acreage and should not be included within the city limits. However, the board refused to heed his protest and on motion of Supervisor Rosalie M. Brown the map including the Koff and Morse lands was accepted.

Date Is Set

The election was set for June 22 and election officers to serve at that time were named as follows: J. J. Johnson, inspector; Mary D. Johnson and Harriet Haydock, judges; Betty Marie Mallory and M. O. Updike, clerks.

Attorney James T. O'Keefe appeared before the supervisors and presented a petition signed by property owners and voters of Menlo Park asking that an incorporation election for that community be called. The petition was filed with County Clerk Elizabeth M. Kneese and the hearing was set for June 15.

NORTHERN SECTION HEALTH BOARD

A communication submitted by Health Officer Dr. Doak relative to the formation of the county health board was considered by the board of trustees in regular session on Monday night and finally, on motion of Trustee McCaffrey, seconded by Trustee Cunningham, was referred to City Attorney Davis for further investigation. The idea is to form a health board with representatives appointed from South San Francisco, Daly City, San Bruno and the unorganized districts of Colma, Loma Park and Millbrae. This will enable this district to more effectively attend to the testing of cows, examining of milk and to carry out extensive laboratory work. The original plan, as outlined, did not designate a northern district of the county, but the board thought it would be a good thing to have this section embraced in one district, while the southern portion of the county would have another individual district. It is a known fact that where the entire county is included in any scheme, the northern end secures very little actual representation.

Man Is Killed By Market St. Ry. Car

A man who was later identified as James L. Spring, a workman on the links of the Merced Golf and Country Club in San Francisco, was struck and instantly killed last Friday night by a Market Street Railway street car near Baden crossing.

Spring's body, horribly mutilated, was taken to the undertaking parlors of Mrs. C. W. Lasswell Leonetti, deputy coroner, and an inquest held Saturday. Accidental death was the verdict.

Richard McKinness, motorman on the street car, was placed under arrest and charged technically with manslaughter by Constable S. A. Landini immediately following the accident. This charge was dismissed by the coroner's jury's verdict.

Spring was unmarried, it was learned, and one brother in San Francisco is his only living relative here.

DISTRICT ATTORNEY WILL VISIT CANADA

District Attorney Franklin Swart was granted a 45-day leave of absence, during which time he has permission to leave the state. Swart plans to go to Canada.

WHY THE GREAT BIG HEADINGS?

Other papers throughout the county last week featured the recent raid on bootlegging establishments in South San Francisco. When one considers that no city in the entire county is exempt from this class of traffic, we cannot see any good and sufficient reason for playing up our particular city in this style. The Enterprise this week publishes the incident, for it is becoming nothing more than an incident in every community, as a news item of ordinary significance. South San Francisco in this respect is no different than any other city in this county, or for that matter, no different than any other section of the county or state. So why these big scare heads in connection with South San Francisco, gentlemen of the press?

Sheriff's Office Raids Places

Sheriff T. C. McGovern and his men were busy in this city on Thursday night raiding numerous alleged illegal establishments.

The first establishment to fall was the T. & D. Smoke Shop, on Division Street, where Charles Thatcher was arrested as proprietor and Steve Stover and Martin Medina taken into custody as dealers in a gambling game.

The house of Mrs. Marie Edwards was next in line. Mrs. Edwards was arrested, charged with running a disorderly house, and with her, charged with being inmates, were taken Loretta Jones and Laveine Raven.

Four alleged bootleggers were arrested in three lodging houses and a poolroom on San Bruno and on Grand avenues. Charges of violating the Wright act were placed against Frank Scarroni, 395 San Bruno Avenue, while at 302, A. Ventura was held on the same charge. Ambrose Capella was taken into custody at his pool hall at 301 Grand Avenue and Buldo Pelligrini was arrested at a lodging house at 14 Grand Avenue.

In the posse of Sheriff McGovern were Chief Deputy P. J. Larrecou, Deputy Sheriff Joseph Meeks, Constable J. C. Wallace of South San Francisco, Deputy Sheriff Callahan and others.

Thursday night was the second night attack which Sheriff McGovern and his posse have staged. On Wednesday night the county forces invaded the coast region and brought in five prisoners charged with violations of the Wright act.

WEED CLEANING WILL START THIS WEEK

The city starts cleaning the weeds in and around this city this week. We are pleased to note that many property owners have attended to this matter already. It is only in cases where the property owner himself does not clean these weeds where the city steps in and does the work, charging cost of same to said property owner. Mayor McNellis pointed out at the regular meeting on Monday night that especially in the San Bruno road district should the weeds be cut down, and Engineer George Kneese reported that the work would be attended to at once.

SPECIAL ANNOUNCEMENT

In order that the citizens of South San Francisco and vicinity can express their views on matters of public interest and questions of importance in civic matters, The Enterprise has arranged a special section in the leading community newspaper and invites the general public to send in letters and articles on important local topics. We believe that such a section will not only enable our readers to exchange ideas, but besides becoming a splendid educational campaign feature will also enlighten our civic officials and our business men on civic and commercial matters from the standpoint of the general public. This, we feel sure, will tend to better co-operation all around. We must, however, insist that absolutely no personalities be indulged in and also we reserve the right to determine whether politics has inspired any particular letter or article. What we are striving for is to obtain the honest opinion of the citizens at large on all public matters. In this connection might we suggest at this time, letters or articles expressing whether it is advisable or not to have a bond issue this year in order to improve our fire fighting facilities, to expand our civic center and to take care of other public undertakings. We welcome letters on any other matters of public interest, aside from the bond issue, but these letters or articles must be short of all semblance of personalities. Write on one side of the paper and be sure and sign your name. You can include

Officers Elected At Lomita Park

Mrs. L. G. Owen of San Mateo was installed as president of the San Mateo County Federation of Parent-Teacher Associations at the meeting held on Friday at Lomita Park.

Other officers to serve for the ensuing year are: Mrs. W. W. Holt, first vice-president; Mrs. F. B. Sherman, second vice-president; Mrs. J. W. Brown, treasurer; Mrs. James O'Keefe, recording secretary; Mrs. W. A. Wood, corresponding secretary; Mrs. Rosamond L. Gatchell, auditor; Mrs. Earl Steinbeck, parliamentarian, and Mrs. F. B. Zanetti, historian. The officers were installed by Mrs. J. J. Ledwith, past president of the federation.

Entertained

Lomita Park entertained the federation at a delightful luncheon served in the auditorium at daintily decorated tables. The guests were entertained with specialty dancing by Alma Reiman and Mary Zanetti.

At the business meeting the federation voted to sponsor another parliamentary law class in the fall; to hold the next meeting in August; to print some cards which will include "The Star Spangled Banner," the P. T. A. Song and the Salute to the Flag. These cards will be in charge of the emblem and magazine chairman, to be distributed and collected at each meeting.

Mrs. Earl Steinbeck was appointed by the executive board to the position of parliamentarian, due to the resignation of Mrs. Alfred S. Moore. The motion was carried to recommend to the constitution revision committee that the per capita tax be changed to a flat rate not to exceed five dollars.

Plan Benefit

The federation is planning on holding a Halloween party in October for the benefit of the organization.

Mrs. William J. Hayes, retiring president, was presented with a handsome clock by Mrs. J. W. Rendo, retiring first vice-president, on behalf of the association, as a token of the federation's appreciation of her services for the past two years. Mrs. Hayes thanked the federation for its loyal support and expressed the hope that her work as district president.

A rising vote of thanks was given to the Lomita Park association for their generous hospitality and to Mrs. Willard Van Norden, county reciprocity chairman, in appreciation of the success of the recent luncheon.

The Call Of The North Answered

Seven hundred and twenty-seven thousand motorists crossed the Canadian boundary line from Blaine, Washington, last year, according to an official traffic check made by the federal government and received by the National Automobile Club. There is no mention in this report as to whether this traffic was recorded on account of the great scenic beauty of the far north or whether something stronger than one-half of 1 per cent entered very materially into the matter. At any rate, six thousand cars bearing the California license plate crossed into Canada at the rate of sixteen cars a day during the twelve months. Thirty thousand came from the state of California and 2,500 from Oregon. No official check is on hand for the additional thousand machines that entered Canada by way of Sumas, Washington, nor have we any official record of citizens of the three Pacific coast states who crossed over into the great country of scenic beauty and oasis via boat and train.

TAILOR SHOP EXPANS

Emil Oeschger, proprietor of the South City Tailor Shop, announces an addition to his business of a complete cleaning and pressing service. Oeschger has recently purchased a new Hoff-Mann presser, purchased a delivery car and has already inaugurated the service. An innovation in the business is the "Press Club," whose members will be able to save money by joining. Prompt calls and delivery of garments will also be a feature of the new business. This is the first establishment of this kind to locate in this city. Oeschger came to South San Francisco about six months ago and went to work for the South City Tailor Shop. Recently he acquired the business and this is just one of the improvements he intends making. The business is located at 112 Grand Avenue.

a non de plume. Your name will not be published unless you request it. Let us make this public forum column an important feature of your leading community newspaper.

FURTHER TIME GRANTED FOR TAX PAYMENTS

The city fathers, at the regular meeting of the board of trustees on Monday night, granted the Santa Clara Land Company a year's extension for the payment of taxes and assessments on some 240 lots which this company is interested in this city. The taxes and assessments on this property at present totals \$29,000, including street work. This property, it is understood, has been delinquent for about seven years. Also it is understood that by reason of this extension of time, the bond holders will be protected and the city stands a good show of receiving the money due. The motion to grant this extension of time was moved by Trustee McCaffrey, seconded by Trustee A. J. Eschelbach.

Governor Signs San Mateo Bill

The county government bill for this county was one of the last bills signed by Governor Richardson last Friday, the closing day of the period within which he could sign legislative acts. The bill increases the allowance for justices and constables in this county and the salaries for some of the deputies in the county seat offices.

WAGES SET FOR WEED CUTTERS

Mayor McNellis suggested at the regular board of trustees' meeting on Monday night that the wages for weed cutters in this city be set at \$4.00 per day. He stated that while the city wages for sewer work, etc., was \$4.50 per day, that weed cutting could not be classed in that category.

Hi School Exhibit Date Is Changed

The date of the high school exhibit has been changed to Thursday night, June 4. Everything is in readiness. One wall of the auditorium is covered with drawings from the art department. The two gold-lined silver trophies and pennant for the typing contests have been on display during the week and each student is eager to have his own name engraved as winner.

Articles of furniture made in the shop are receiving their final polish and drawings in mechanical, architectural and machine are finding their places in the exhibit.

The Low and High Juniors are all set—one class against the other—to win the criminal case built around the stolen article from the rummage sale.

The orchestra and glee club alike expect to render their best productions of the year.

Parents and friends are urged to attend tonight. Admission is free.

THE REAL VALUE OF A NEWSPAPER

The Enterprise is the only paper published in South San Francisco that has the bona fide circulation entitling it to second class mailing privileges by the United States postal department. In other words, The Enterprise, with its over 1600 circulation, is the paper that reaches the homes and reaches these homes by reason of the people paying for the paper. When 1600 people pay for a newspaper such a publication can be said to have real value in a particular district. This is not only of great interest to the advertiser, but also it gives the paper the great prestige that every community newspaper should have. In other words, it makes of The Enterprise the leading newspaper. One has but to glance at our steady and representative advertising each week to ascertain the standing of The Enterprise in this community. We have many plans in view for the near future, including an improved local printing plant and a county news service covering all sections of San Mateo County. Negotiations for the improved and up-to-date plant are now under way.

Mr. and Mrs. A. A. Whitten of Burlingame, former residents of this city, celebrated their silver wedding anniversary at their home on Saturday evening, May 30. Those attending were: Mr. and Mrs. D. W. Duncan and son Robert, Mr. and Mrs. J. G. Walker, Mr. and Mrs. J. J. James and sons, Alex and Jack, of this city; Mr. and Mrs. W. C. Schneider of San Mateo, Mr. and Mrs. Morse, Mr. Keller and Mr. Sheehan of Burlingame.

Bayshore Highway Is Assured

The completion of the Bay Shore Highway from San Francisco to San Jose has been assured, with the signing by Governor Richardson of Senate Bill 102, which places the new peninsula road in the state highway system.

Signing of the bill wins the long fight carried on by the Burlingame Chamber of Commerce, San Mateo County and San Francisco supervisors and various organizations.

STATEMENT

In signing the bill, Governor Richardson said: "I have signed S. B. 102 after the supervisors and Mayor of San Francisco had agreed that the city would construct the highway inside the city limits."

The governor's statement defined the highway as commencing at the southern line of San Francisco and continuing through San Mateo and Santa Clara counties to the north line of San Jose. He called attention to the pledge of San Francisco in the 1923 statutes to assist in the construction work in San Mateo County.

Chairman Harvey M. Toy of the state highway commission and T. P. Andrews, chairman of the highway committee of the Down Town Association, were on hand when the governor affixed his signature to the measure.

Now that Governor Richardson has signed the Bay Shore Highway bill, including the proposed Bay Shore road in the state highway system, supporters of the project are looking for a way to raise the money to build this important artery of transportation.

Seek Solution

What solution will be offered to supply the money which the legislature attempted to furnish for new road construction by the gas tax increase method—which the governor vetoed—will continue as the center of interest indefinitely.

The Bay Shore Highway bill was introduced by the San Francisco delegation, Senator Herbert C. Jones of Santa Clara County and Senator M. B. Johnson of San Mateo County. It makes no provision for funds. It is agreed that San Francisco shall construct that part within the city limits. Some money next year may be obtained from the federal aid road allotments toward work on the highway in San Mateo County. The road terminates at San Jose.

Shriners Prepare For Convention

San Francisco, June 4.—Islam Temple of the Mystic Shrine is all ready to receive the 50,000 happy-go-lucky wearers of the fez who will stop off here on their way home from the imperial council session which is being held in Los Angeles this week.

Arrayed in Oriental splendor, the city is waiting patiently to greet these Nobles of the Mystic Shrine who will pitch their tents within the gates of St. Francis and make this their playground.

Already the city is in jubilant mood and buoyant spirits—business cares are forgotten. The entire downtown business district has been decorated in Shrine colors and nothing will be left undone by George A. Zimmerman and Wilber Jackson, chairmen of the committee of fifty, in charge of the gala event, for the success of the festivities, which begin at dawn Friday, when the first caravan of pilgrims arrive from the convention city on the journey home.

Medinah Temple, from Chicago, will send the largest delegation here. More than three thousand pilgrims on their way home will route their caravan this way. They will arrive Friday afternoon, escorted by Islam's uniformed organization and Potentate Hugh K. McKevitt of Islam Temple.

This temple, boasting a membership of more than twenty-five thousand Nobles, will bring all its uniform organizations along. For all of the visiting Nobles Islam has a greeting, a buffet luncheon at all hours of the day and dancing, with hundreds of pretty girls. There will be automobile rides, golf tournaments, boat rides on the bay, sight-seeing tours through Chinatown, and almost anything else one can ask for.

Two orchestras will be going day and night for the dancers. Visiting Shrine bands will give concerts twice daily in Union Square, where a grandstand has been erected. Chanters from the visiting temples will sing in the various churches.

Miss Eileen Mulcahy of Orillien, Canada, who has been visiting Mrs. John Mager for several months, left Wednesday for her home in Canada.

FIREMEN TO RECEIVE MORE COMPENSATION

At the regular meeting of the board of trustees on Monday night it was voted to pay the additional pro rata rate of \$42 on compensation insurance, which will increase the compensation for the firemen, as outlined in The Enterprise last month. In our opinion this is a move in the right direction and is money well spent. The firemen of any city are entitled to every reasonable consideration, and it must be conceded by every fair-minded citizen that the South San Francisco fire department, with its present equipment, has done excellent work. The report submitted by the fire chief for the month of May shows a total of \$1,000 in fire loss for that period.

Father Ricard Says More Rain

The late rains which have visited the Peninsula this year are not yet over, according to Father Jerome Ricard of Santa Clara University, whose predictions for the month of June were issued this week.

There will be several wet periods in the month, it is predicted. There will also be thunder storms in the mountains. The storminess will extend right into July, the padre predicts.

Father Ricard's predictions are:

June 5, 6—Fair or approximating to fair.

June 7, 8—A double-headed disturbance of no mean character will produce considerable agitation in the atmosphere of the general Pacific slope. We should expect rain over the north-west, sprinkles in California, Nevada and Arizona and local thunderstorms over the Coast range.

June 9—Continuation of the above. June 10—Fair under flying clouds. June 11, 12, 13, 14—Fair and decidedly warm.

June 15—Getting cloudy.

June 16—Light rains along the northwest coast; some cloudiness in these parts; fair from Santa Barbara to San Diego.

June 17—Generally fair.

June 18—Light disturbance entering and passing over the northern tier of states; fair elsewhere.

June 19—Generally fair and warm.

June 20—Another light depression passing over the Canadian border.

June 21, 22—Generally fair and warm.

June 23, 24—A couple of low depressions to enter by north and south, waking up brisk winds by land and sea and delivering some rain over the northwest and the mountains of Arizona and local sprinkles in California. Thunderstorms in mountainous district. Bad times for the bootlegging business!

June 25—General clearing, which means diminishing cloudiness and local wetness.

June 26—Generally fair.

June 27, 28—Two more depressions of gentle character, especially affecting the northwest and Arizona and hardly noticeable in California.

June 29, 30—Partial cloudiness over the central and northwestern coast; fair down south.

N. B.—Some storminess from July 2 to July 6.

CONGRATULATIONS, SAN MATEO TIMES

On Tuesday the San Mateo Times reached its first milestone as a daily newspaper in San Mateo. We congratulate this progressive publication. It has been our pleasure to know Mr. Horace Amphetlet personally for a number of years, and we can truthfully state that the publisher of The Times is as clean as his publication, said publication being one of the cleanest newspapers published in San Mateo County. We knew Mr. Amphetlet when he published The Times as a weekly. We frankly admit that we looked upon his venture, when he launched forth as a daily, as a short road to the journalistic graveyard. The present daily, well edited, exceedingly well patronized by the advertiser and very popular with its ever-increasing readers shows just how mistaken we were in our contention. We need more Horace Amphetlets in San Mateo County journalism, and so long as newspapers like the San Mateo Times assist in moulding public opinion in this splendid county we can safely state that the subsidized press, backed by professional politicians for their personal aims and ambitions, will not be able to fool the general public indefinitely.

THOMAS WIEDEMANN.

Editor and Publisher, South San Francisco Enterprise and San Bruno Recorder.

Co-operation Is Advocated

At the regular semi-annual meeting of the Chamber of Commerce of San Bruno on Tuesday night it was unanimously voted to take steps which will tend towards a better spirit of co-operation with the South San Francisco Chamber of Commerce, the Manufacturers' Association and the citizens generally in South San Francisco. The San Bruno Chamber of Commerce realizes that there are many matters which the two cities have in common and is particularly concerned in having a more effective, concerted action inaugurated on public matters and questions of advancement by the various sections of the northern end of San Mateo County, including the entire First Township.

HAS BEST PAVED CITY STREETS

Engineer George Kneese, when the matter of paved streets came up for discussion at the regular board of trustees' meeting on Monday night, stated that South San Francisco has the best paved streets in the entire bay district, not even excluding San Francisco. He pointed out the very small cost of street maintenance in this city. In connection with the paving of alleys, Engineer Kneese declared that concrete paving was the best material that could be used. Mayor McNellis suggested that the board inaugurate a tour of inspection in other districts to ascertain the best paving material, but the engineer, who is conceded to be one of the leading experts on municipal improvements in the state of California, strongly advised concrete for paving of alleys. The resolution ordering the work on certain alleys done was moved by Trustee Cunningham. The class of paving will be concrete.

PUBLISHING ORDINANCE MORE THAN ONCE

City ordinances are only required to be published one time in any legal publication. When such ordinances are published more than that one time and when such publication is paid for more than the one publication, the taxpayers' money is being donated to said publication. We are pleased to see that at a previous meeting Trustee Cunningham raised an objection in this connection and that on Monday night Trustee Blank vigorously protested, even designating it as highway robbery.

SCHOOL MATTERS ARE TAKEN UP

School Trustees Dinnings and Cavassa were in attendance at the board of trustees' meeting on Monday night in connection with the closing of the alley between Magnolia and Orange avenue and Grand and Baden. Assistant District Attorney Edmund Scott was in attendance, taking care of the legal end of the matter. The board was opposed to making this alley a blind alley and plans were considered whereby easement would be given by the school board in order to enable a space allowing for traffic to make the turn on school grounds.

S. M. State Bank Applies for Charter

A charter for a state bank in San Mateo has been applied for by a group of prominent men of the county. Hardin Hatch, president, and Raymond J. Falvey, cashier, of the California Bank of San Mateo County, at San Bruno, are the leaders in the organization of the new institution.

Members of the board of directors will be: George A. Kneese, E. C. Lyndon, Homer Pitner, H. E. Casey, Horace W. Amphetlet, R. G. Sneath and H. E. Casey.

The site of the new bank will be that now occupied by the National Bank of San Mateo, which will move shortly to its new building at the corner of B Street and Second Avenue.

CHILDREN'S DAY

In St. Paul's Community Church next Sunday at 11 a. m., Children's Day will be observed. An interesting program of songs, class exercises and recitations will be presented. The pastor, Rev. Asa P. Beall, will preach a seven-minute sermon; subject, "He Paid Too Much for His Whistle." There will be a baptismal service for children. The church will be carefully and prettily decorated. The public is cordially invited.

Miss Beatrice Elkerenkotter spent the week-end with friends in Tulare.

SOUTH SAN FRANCISCO ENTERPRISE, THURSDAY, JUNE 4, 1925

TIME TO TAKE STOCK

Periodically the managers of every successful business must check their assets and their liabilities to know where they stand. What is good for a business is good for a government. The people of this nation are stockholders in the greatest business in the world, namely, the United States government.

Private business must constantly be on the alert to prevent bad accounts accumulating on its books. Failure to do this has wrecked many otherwise promising institutions. The people of this country must be diligent to keep bad accounts (ill-advised legislation, exorbitant taxation, public officials and legislators with radical and visionary ideas) from clogging or destroying the machinery of government. Just as bad debts will wreck a business, so will exorbitant taxation, radical legislation and unbalanced public officials wreck a government.

It is well to take stock of ourselves six months after the last presidential election. Excitement of the political campaign is passed and all new public officials are in office. The nation has actually settled down to the first normal period of activity since the first gun was fired in the World War eleven years ago. We have what every other nation in the world is striving to secure, namely, sound domestic and financial conditions under a stable form of government.

Yet we have in this nation today, public officials, teachers and professional lecturers who would, if they could, undermine the sound basis on which we are operating and substitute in its place obstructive and destructive ideas which have destroyed the stability, safety and progress of some of the world's leading nations.

That the people of this nation do not wish to see any experimental program adopted was made very evident at the last election. But the work of the agitator never ceases. Hence, our public officials and private citizens must be ever on their guard to prevent liabilities accumulating in the affairs of our government, just as the managers of private business are constantly on their guard to prevent liabilities creeping into the affairs of private enterprise.

What a great thing it would be if, when our national congress reconvenes, it would devote itself more largely to the affairs of government and less to the affairs of private citizens and private business than it has during recent years.

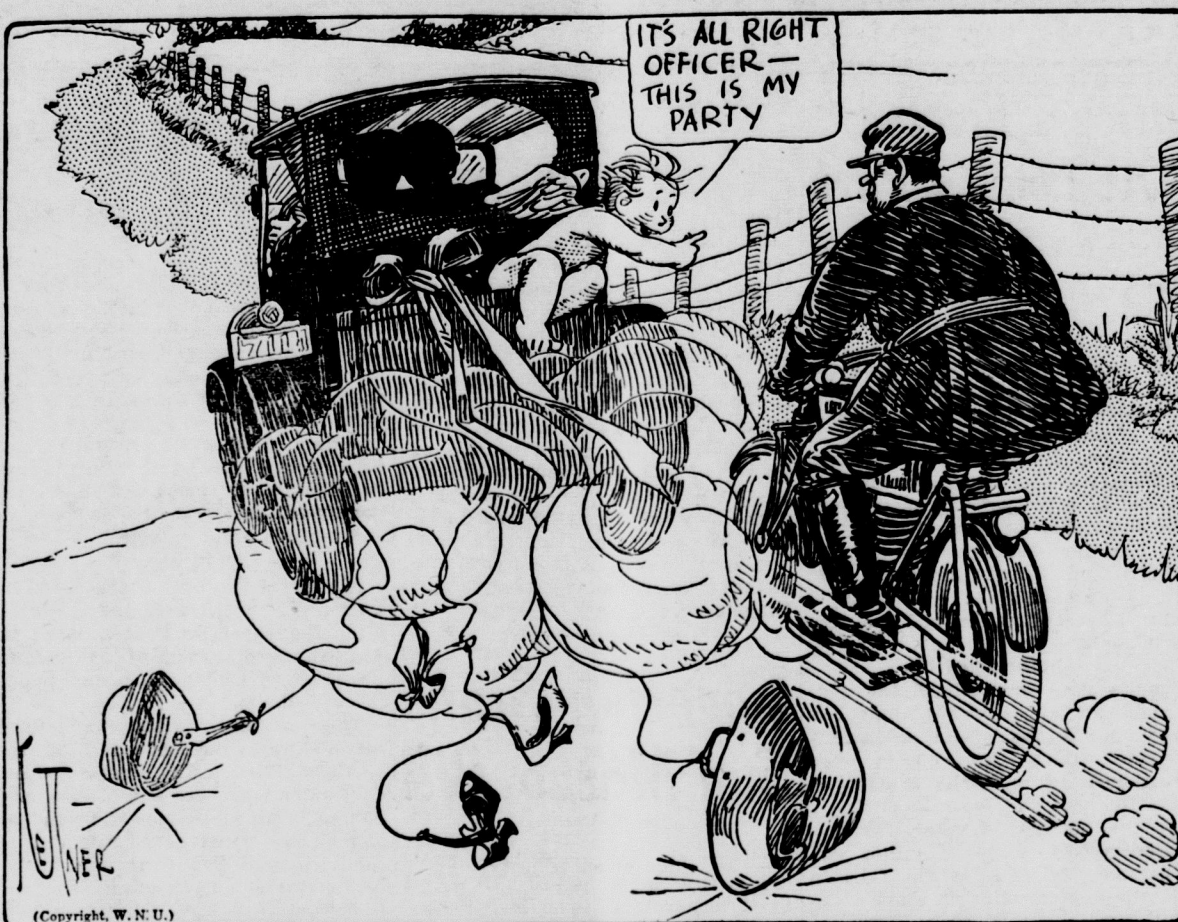

Never before in the history of the United States was the labor situation in such a healthy condition. Hours are reasonable and wages are good. We have legislation covering practically every phase of business activity. The workman is protected. The public is protected. Industries are protected from unfair competition. Labor and capital are actually working in close harmony and workmen, through the purchase of the stocks and securities of the industries which employ them, are sharing in the profits or losses of such enterprises.

An inventory of our national affairs will show that we are in a sound condition and with proper management we should continue in the same situation for an indefinite period into the future.

THE POLITICAL GAME

It is still some time in the future before the citizens will be called upon to cast their ballots for public officials, both civic and county, but already anyone at all conversant with the political game can see plain evidence of active preparation by the politicians. This is more pronounced in any community by checking up on the local press. It is, or rather, it should be clear to every citizen when there are two or more publications in a community. A little patronage here and a little bunch of favors there; the changing of a few technicalities to suit specific occasions. All these are but preliminaries indulged in by professional politicians in an attempt to secure political control of a community. Personally we have watched these maneuvers with considerable interest, for to us it constitutes a splendid study in human nature. We do not mean to infer that all citizens, whether in office or contesting any particular office, are professional politicians, but we do state as a fact that the professional politicians are never idle, while the general public, immediately after an election, cease to interest themselves in either civic or county officials or prospective candidates until the very eve of an election. Much has been said recently in connection with the cross word puzzle, a fad that is rapidly dying out. But the game of politics is a far more interesting game, which the general public should study, for it never dies out. If the citizens spent only a very small percentage of their time in studying the game of politics that was spent in solving cross word puzzles they would soon have cleaner politics. And, remember this: Just as cross word puzzles, so is the game of politics played through the newspapers. Some times both keep you guessing; at other times both are easy to solve for the reader who uses a little of the common sense which we all should possess. From time to time we may decide to enlighten the citizens, in the columns of this publication, in a more concise and detailed manner. In the meantime, might we just take the liberty to suggest: Watch the political game in your community.

The June Bride

'Twas In the Early Days

(From Enterprise of 1895)

D. O. Daggett is making improvements on his building on Cypress Avenue, known as the Krabbenhoft house.

J. T. Dunn has leased the corner west of the postoffice to an itinerant photographer, who will soon pitch a tent and be ready for business.

William Smith, driver of Ed Daniel's Green Valley Meat Market wagon, disappeared on Saturday last. Mr. Daniel reports that about \$50 in cash disappeared at the same time.

Surveyors are still at work along the ocean front of this county making surveys for the West Shore Coast Railway. By the way, what has become of the bicycle railroad capitalists?

Vol. 1, No. 1 of a new paper called "The Enterprise," published in South San Francisco, has been received at this office. E. E. Cunningham is the editor and proprietor. Middle-town Independent, November 9, 1895.

On Saturday a hand car loaded with paints and painters' tools was standing on the main track at the Southern Pacific depot when a special engine came along and ran into the hand car, knocking it from the track, spilling the paints and scattering the tools in every direction.

Citizens on Linden Avenue are having some much needed work done in the way of improving the sidewalks. At their request, Mr. Miner is putting in crushed rock with a covering of gravel, from Grand Avenue to California, which will give the residents of the north end of town a foot road free from mud to the postoffice, and to the main thoroughfare at Grand Avenue.

The Colma Athletic Club is fortunate in one particular and that is in the fact that its entertainments are conducted under the watchful eye of such an efficient officer as Sheriff Phil McEvoy. The coroner's services will never be required at these so-called "glove contests" if the sheriff continues to follow his present course in stopping every contest the moment it becomes decidedly one-sided or brutal.

Henry Michenfelder keeps on making improvements. Last week he had the entire front and approaches of his Armour Hotel and bowling alley macadamized with crushed rock and gravel, at a cost of \$25 hard cash. It's a good job and money well invested. On Sunday evening, as Jack Leavey was driving home along the San Bruno road, he was halted by some one evidently in distress. Upon stopping he found a man mired down to his armpits in the marsh by the roadside and a comrade who had succeeded in getting a rope around his unlucky friend's body, and was trying to pull him out. Leavey took hold of the rope with the other man and the two pulled with all their united strength, but without avail. The bog held its victim as in a vise. Finally, Leavey took his horse from the cart, and hitching to the rope, pulled the poor fellow from the mire minus boots and stockings, wet, cold and sore, but glad to escape being buried alive in the San Bruno marsh. The two men were hunters from the city, one of whom had ventured out upon the treacherous bog with the results above related.

Encouragement

"Is it possible," demanded Deacon Higgins, "that you encourage your daughter going around with young Rollaby?" "Well," admitted Smith, "I'm afraid we have told her that we disapprove of it."—American Legion Weekly.

Logical Deduction

Mrs. Smith—Did you see Mrs. Upson's new gown? I told her it was exquisite.
Mrs. Smyth—You did? I told her I thought it was horrid.

LIFE'S LITTLE JESTS

Noticed

Husband—I'm getting on at the bank.
Wife—That's fine, dear; but what makes you think so?
"One of the vice presidents asked me if I worked there."—American Legion Weekly.

Didn't Mean It That Way

Mistress (to maid)—Goodness, Ann, what will my husband say when he finds you've broken his favorite vase?
Ann—I'm awfully sorry. I'd rather have broken everything else in the house.

NO FRIENDS, NO TALK

Mrs. B.—There goes Mrs. Jenks—I've never heard any unpleasant talk about her at all.
Mrs. W.—No—they say she hasn't a single friend.

Walks for Complexion

She walks five miles or so each day. For her complexion, so they say, if my complexion were that far I rather think I'd take a car.

How Could He?

"I'm trying to get back to my poor old father," whined a tramp. "He ain't seen my old face for ten long years!" "I believe you're speaking the truth," muttered the man he had approached. "Why don't you shave it?"

Flattery

Judge—Prisoner, the jury finds you guilty.
Prisoner—That's all right, Judge, I know you're too intelligent to be influenced by what they say.

Wealthy Indeed

"Is Mr. Jones wealthy?"
"He's worth \$1,000 in Arizona."
"How so?"
"That's what the sheriff offered for him, dead or alive."

Rous Like Wireless

"D'ye ken, this wireless, Bob, is just like the rous me an' ma missus hae."
"How's that, Jack?"
"Words over naething, Bob."—Edinburgh Scotsman.

Encouragement

"Is it possible," demanded Deacon Higgins, "that you encourage your daughter going around with young Rollaby?" "Well," admitted Smith, "I'm afraid we have told her that we disapprove of it."—American Legion Weekly.

Logical Deduction

Mrs. Smith—Did you see Mrs. Upson's new gown? I told her it was exquisite.
Mrs. Smyth—You did? I told her I thought it was horrid.
Mrs. Smith—Oh, so you liked it?

WHY

Winter Is Welcomed in the Arctic Circle

On the Arctic circle, winter is a season of awakening and its coming is as welcome as that of spring.

The land is largely swamp over which hover clouds of mosquitoes so dense that they often look like black smoke. They render life a burden. Smoke "smudges" have to be burned at your door or anywhere out-of-doors where your work necessitates keeping pretty still for a time. You eat your luncheon in a stream of smoke from the little fire to windward specially lit for the purpose.

Only in sunshine and a strong breeze are you ever able to move without your attendant swarm. Everyone but the natives with the toughest skin wears a bag of muslin over the head and neck. But when winter comes the plague of mosquitoes goes.

Over most of the northland travel is practically impossible in summer. There are no roads of course, and the few narrow forest trails are boggy or blocked by fallen trees brought down by the winter storms. Swampy wastes of tundra separate one settlement from another. Navigation along the Arctic coast is a hazardous proceeding, and there is scant room for much beside yourself in the small skin canoes that constitute almost the only vessels available.

But welcome winter turns the earth from soup to iron and lays over it a soft clean carpet. Reindeer and dog-sledge takes you skimming merrily up frozen rivers where, canoeing in summer, you had to fight your way inch by inch against the strong current.

Poetic Prose

Lady to Tramp—Did you notice that pile of wood in the yard?
"Yes'm, I seen it."
"You should mind your grammar. You mean you saw it."
"No'm. You saw me see it, but you ain't see me saw it."—Christian Evangelist.

Impossible

Mrs. Sambo—Sambo! Sambo! Wake up.
Sambo—I can't.
Mrs. Sambo—Why can't you?
Sambo—I ain't asleep.—Centre Colon.

A Total Loss

Absent-minded One (starting for business)—My dear, do you know what has become of my hat?
Wife—Why, it's on your head!
"Oh, never mind, then. I'll look for it when I return home."

BRANCHING OUT

The Dolan Building Company on Mission road, Colma, is branching out and has added a new department to its business. They are now assembling lumber for knocked-down bungalows and garages, which are being shipped to customers in all parts of the county and state. The lumber is all cut to proper length and size and then shipped, where it is erected by

the purchaser. Bungalows are sold as low as \$225 and garages for as low as \$35.

Mrs. Pasero and infant daughter of Vale Street arrived home from St. Luke's Hospital during the week.

Miss Olga Selmi is spending the week with her sister, Mrs. Charles Tacchi, in Boulder Creek.

COLMA, LAWNDALE

Miss Melba Gambett of Redwood City visited friends here recently.

Harry and Mary Monteverde of San Francisco are now residing at the Bertetta home on Price Street.

In Salda Beach, May 28, Emmett R. Comerford, dearly beloved son of Eliza C. Herbert and the late Joseph M. Comerford, and loving brother of Mrs. Lydia C. Fahey, Mrs. H. H. Pier-son, Mrs. Alice Taylor and Mrs. Ernest Brachi, passed away. He was a native of San Francisco, California, aged 46 years. The funeral was held from the New Home Funeral Parlors of the United Undertakers on Howard Street at 8:15 A. M., thence to the Holy Angels Church on San Pedro Avenue, where a requiem high mass was celebrated for the repose of his soul, with interment in Holy Cross Cemetery. The many local friends of the family extend to them their sincere sympathy.

Keep in mind August 21 and 22 as the dates of the annual Vintage Festival of Holy Angels Church.

Mrs. Madeleine Fellows will have charge of the June whist party of El Carmelo Parlor No. 181, Native Daughters of the Golden West, which will be held in Masonic Hall, Daly City.

More automobiles traveled through here on Decoration Day than on any other day of the year and local florists reported a fine business.

Miss Laura Figone spent the week-end with friends in Santa Cruz.

A meeting of the drill team of El Carmelo Parlor No. 181, Native Daughters of the Golden West, was held in the Daly City Auditorium last Friday evening. It was decided to hold a dance in the Daly City Auditorium during the month of July and one in the Colma Auditorium on August 15, when the beautiful hope chest, filled with hand-made articles, will be raffled. These tickets are selling for only ten cents and the chest and contents are valued at several hundred dollars. The proceeds will be used for the purpose of uniforms for the drill team.

A big whist party and dance will be given by the Colma Community Center on Dunk Street, near Washington, Saturday evening, June 6. The committee in charge of the affair assures you a fine time and there will be many excellent awards for whist players.

Mr. and Mrs. Herman Nessier of San Bruno Avenue tendered their son, Walter Nessier, a party in honor of his eleventh birthday. A delicious spread was enjoyed by the following: Misses Eleanor Eschelbach, Louise Sassman, Eleanor Nessier; Messrs. Charlie Sassman, Buddy Eschelbach, Bennie Haubrich, Walter Nessier, Ralphie Sassman, Mrs. Emeline Thiel, Mrs. Eschelbach, Mr. and Mrs. Henry Werle, Mr. and Mrs. Sassman and Mr. and Mrs. Herman Nessier. Walter received many handsome gifts. Dancing and games were enjoyed during the afternoon.

It is said that Henry Lorenz, Matty Callan and Horace Appleton returned from their trip to Nevada.

Mr. and Mrs. Edward Bauer, Mrs. Lena Homeier and Miss Emily Bauer motored to Santa Cruz and San Juan, visiting the San Juan Mission, last Sunday.

Mr. and Mrs. E. Maffel of Lomita Park visited at the Haubrich home on Mission Street last Wednesday evening.

Many local people motored to Half Moon Bay to attend the Chamorita festival last Saturday and Sunday. Extra buses were run by the Coast Side Stage Company from San Francisco to Half Moon.

An invitational dance was given in the Jefferson Union High School auditorium on Friday evening, May 29, by the student body of Jefferson Union High School. Wonderful syncopation was provided by Elmer Olsen's Hotel Whitcomb dance orchestra and a record crowd attended from other high schools, as well as from this district.

Don't forget the whist party and dance sponsored by the El Carmelo drill team, to take place in the Daly City Auditorium, Tuesday evening, June 9. There are ten valuable door prizes and many fine whist awards.

The name of Miss Anita Varni, who enacted the part of Hortensey Smatters in the Jefferson High School play, "The Dutch Detective," was omitted in last week's account of the play.

Mrs. MacDonald of Coursing Park is rapidly recovering from her recent illness.

Madame Beaclair presented the opera, "Hansel and Gretel," at the Jefferson Union High School Auditorium last Tuesday evening. The affair was a social and financial success.

Wednesday evening, June 3, El Carmelo Parlor No. 181, Native Daughters of the Golden West, will entertain George Barron, curator of the M. H. De Young Museum, in Golden Gate Park, and El Carmelo Parlor of Native Sons of the Golden West at a banquet in Masonic Hall, Daly City. Plans will be discussed for a float, etc., for the parade of the Diamond Jubilee celebration in September. Mr. Barron is chairman of the parade committee of San Francisco.

A. Guisti passed away last Wednesday evening after an illness of fifteen months. Prior to his illness he was employed by the M. Belli Company. He leaves his wife and several children to mourn his loss, besides a large circle of friends. The funeral was in charge of Valente Marini Perata and Company. A requiem high mass was celebrated for the repose of his soul in Holy Angels Church, San Pedro Avenue, Saturday morning, followed by interment in the Italian Cemetery. Many beautiful floral offerings were sent by friends.

Nash Owners Attend S. F. School of Instruction

A large number of Nash automobile owners from the northern part of San Mateo County are attending the regular monthly owners' school at the Pacific Nash Company's plant on Van Ness Avenue, in San Francisco, according to Vincent Pantaleoni of Pantaleoni Brothers, Nash dealers at Colma.

More than a dozen were present at the session last Monday evening when Ted O'Day, assistant sales manager of the company, delivered a lecture on the problems of lubrication and ignition.

In addition to the lecture, some interesting motion pictures were shown and a pleasant and profitable evening was spent by the owners. The lectures start at 8 p. m. and the general motoring public, as well as Nash owners, are welcome. Mr. Pantaleoni has a list of the dates when sessions of the school will be held and anyone desiring information regarding the school should call on him. There is no admission charge.

CONSPIRACY CHARGED—COURT ANNULS DOHENY OIL LEASES

Los Angeles.—The Elk Hills naval oil reserves were obtained by E. L. Doheny's Pan-American Petroleum and Transport company by fraud and conspiracy, and must be returned to the government, according to the ruling of Federal Judge Paul J. McCormick.

In his opinion Judge McCormick set down that the oil transactions were of such flagrancy and wrongfulness by Albert B. Fall, then secretary of the interior, and Doheny, as to vitiate all leases.

The decision involved leases of United States naval oil reserves No. 1 and No. 2, near Bakersfield, Cal.

Colma Nash Dealers
Sell Fifty-two Cars
In Nine Months

Pantaleoni Brothers, Nash dealers at Colma, played a conspicuous part in helping the Nash company chalk up their remarkable sales increase of 82 per cent over the same period last year, according to Vincent Pantaleoni, manager of the firm, who announced that they sold 51 machines since they took the agency for the Nash line last September.

In addition, he said that he had several other prospects that he expected to close up before the end of this month, which will place this firm way in the lead of all the district distributors.

"This speaks wonderfully well for the confidence which the motorists of the Peninsula have in the Nash line," said Mr. Pantaleoni in speaking about their business. "We started out in the tire game originally, but soon found that there was a demand for machines and believed that we could sell some on the side."

"Then the big question as to what particular line to take presented itself, and after careful consideration we closed with the Nash company and the results which we achieved so far proves that our judgment was right. We are making every effort to give our patrons the very best service and consequently we never lose a customer."

They also maintain a well equipped service station and repair shop and, beginning the first of the month, the force of the shop will be increased by several men. They also plan to install some additional machinery.

Several new models of Nash cars were received this week and are now on display in their showroom.

COLMA POSTOFFICE TO
MOVE IN NEW LOCATION

As soon as extensive alterations and the new fixtures are installed, the Colma postoffice will be moved from its present location in the Colma Drug Store to the storeroom on San Pedro road, adjoining the Colma Grill, opposite the Bank of Italy building.

This will afford more room for handling the increasing business of the office as well as provide more lock boxes for the convenience of the patrons.

Dodge Dealer Sees
Big Business Ahead

D. Arata, Dodge and Graham Brothers truck dealer at Colma, is no pessimist. He believes that 1925 will see the biggest total sales of automobiles in the history of the industry. So far this year his sales have exceeded the same period of last year and his prospect list is greater than ever.

He said that Dodge Brothers, through newspapers and billboards, were advertising "Better and Better," but the part of the story that is not being told in that phrase is that sales and production are "bigger and bigger."

Arata is displaying the various models of the Dodge line, as well as a Graham truck at his Colma showroom, where he is giving demonstrations daily to prospective purchasers.

NEW OFFICERS ELECTED

Dr. F. S. Gregory of Redwood City has been elected president of the San Mateo County Medical Association. He succeeds Dr. W. C. Chidester of San Mateo.

Other officers elected are Dr. A. L. Offield of Burlingame, vice-president, and Dr. W. J. Murphy of Redwood City, secretary-treasurer.

BRIDGE MATTER AGAIN DELAYED

The hearing of the application of Frank C. Towns for a franchise to construct and operate a toll bridge between Little Coyote Point, San Mateo County, and the town of Mount Eden, Alameda County, was continued for two weeks on motion of Attorney J. W. Coleberd, representing Towns. Frank Elbridge Webb, under a resolution passed by the supervisors recently, had 90 days within which to post a cash bond of \$50,000 as evidence of good faith. When he posts the cash bond he will be granted a franchise, automatically killing Towns' chances. This was decided at the regular meeting of the board of supervisors in Redwood City Monday night.

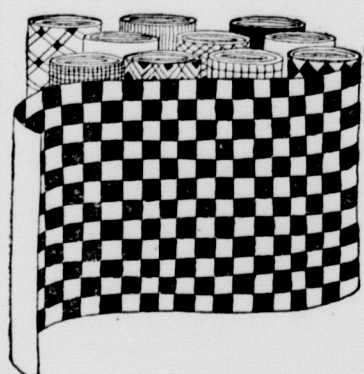

KARL KOELLNER HONORED AT A SURPRISE PARTY

Karl Koellner was given a surprise birthday party at the home of Miss Leta Lloyd, Saturday evening, May 30. Games were played and dancing continued until a late hour, when dainty refreshments were served. Those attending the party were: Misses Betty Madrell, Sylvia Thomas, Myrtle James, Leta Lloyd, Lois Bell, Edith Whitehouse, Katherine MacCloud, Annie Whitehouse, Dorothy Truax and Messrs. Edwin Kingsland, James H. Jackson, Frank Merryman, Adrian Bell, Milton Kert, Frank Whitehouse, Harold Davis, Karl Koellner and Lyle Lloyd.

Aviation Subsidy Opposed

Washington.—While the administration is prepared to aid the aircraft industry to strengthen the national defense, it was learned that President Coolidge is opposed to subsidizing commercial aviation.

California Highway Commission Notes

Relative to Assembly Bill No. 589, W. F. Mixon, secretary of the California highway commission, has made the following statement:

"Assembly Bill No. 589, introduced by Assemblyman Melville of Fort Bragg, which has been signed by Governor Richardson, is a bill having the sanction of the highway commission. It codifies the laws pertaining to the administrative duties of the commission and clarifies certain points which have arisen under the separation of that department from the department of public works.

"The most important provision of the bill is one which directs the highway commission to maintain all traversable roads, which have come into the system by either legislative act or the various bond issues, a provision which means a very great deal in the immediate future of travel conditions. There are over 1,000 miles of these roads in the system, which in the past have not had maintenance care.

"This provision in the new law insures reasonable care, maintenance and improvement of this mileage of highways, much of which is in more or less remote sections of the state. The trained maintenance forces of the commission may now give some measure of relief to those communities that have waited patiently since the first bond issue of 1909 for some sort of service. The maintenance and gradual improvement of these roads will, in the course of a few years, provide a well constructed system that to all intents and purposes, will serve the communities in a splendid way until ultimate or final construction can be undertaken.

"This provision of the new law is in accord with one of the recommendations of the highway committee of nine and has had the endorsement of practically every board of supervisors of the state, together with numerous chambers of commerce, farm bureaus and other semi-public organizations.

"The bill also provides that the highway commission shall take over one street in towns of not more than 2,500 population as a part of the highway system, where the street is a connecting link of the system. This provision, it has been found, is necessary for the comfort and convenience of the traveling public. There are many small communities in the state where, because of lack of means, street improvement has lagged. It is a common occurrence in California to drive from a good state highway into the incorporated limits of the smaller towns onto a poorly constructed and poorly maintained street. This provision of the bill authorizes the highway commission to construct through such localities to a width equal to the state highway entering those places.

"Another important provision of the bill is that which authorizes the highway commission to acquire or obtain rights-of-way and to alter or revise the present alignment of highways when the best interests of the traveling public demand. This is a provision of the utmost importance when a completed highway system is contemplated.

"In the reconstruction program being carried on by the highway commission it is frequently found that by realignment or the elimination of excessive grades a more travelable highway can be built at an equal or lesser amount than would be the case if the old highway was reconstructed.

"Another provision of the new law authorizes the highway commission, under certain conditions, to release to municipalities portions of the state highway system which have in reality become city streets by reason of the extension of incorporated areas. There are many instances in California where this situation obtains. Petitions have been filed from time to time with the commission by municipal authorities requesting the ceding of such portions of the highway system to the municipal authorities. Up to the time of signing of this bill by Governor Richardson no law prevailed whereby such action could be taken. A number of cities in California are now preparing to take over such streets, under the provision of this act.

"The bill also provides that the highway commission shall have authority to acquire by donation, dedication, lease or purchase, including right of condemnation, lands adjoining or near the highways and within 300 feet on each side of the center line of state highways for parks or trees. This provision of the law will

permit the highway commission to add to the beauty of the highway route when thought advisable and as funds will permit. The commission is also authorized to acquire lands to perfect or increase the visibility where obstructed views tend to interfere with the safety of travelers."

RESUMING WORK ON BIG PROJECT

Engineers of the Pacific Gas and Electric Company have just returned from a road-opening expedition into the Lake Fordeyce country, in Placer County. A crew of men is now at work clearing the road of snow and making preliminary arrangements for the resumption of work on the big project which was started last year. The Fordeyce dam, which was originally built in 1873 for the impounding of water which was used in hydraulic mining, has been raised three times. Pacific Gas and Electric Company last year started to add forty-seven feet to its height. This will bring the dam up to a total height of one hundred and sixteen feet. The additional forty-seven feet will more than double the storage capacity of the lake, which is now 25,000 acre feet. "When the original dam and previous additions thereto were constructed all the work was done by hand, and without the aid of modern machinery," states O. W. Peterson, engineer in charge. He further states "that the present force will be built up to a crew of four hundred men and wherever possible three shifts will be operated." The work involves the moving of more than two thousand yards of rock per day, or more than enough to pave one mile of ordinary highway.

Two hundred and fifty acres of land will be cleared of trees and brush in the area which will be flooded by the rise in the level of the lake. The lake is fed by a watershed of over twenty-one square miles. The additional water stored will be used to increase the generating capacity of the Spaulding-Drum power houses. After passing through the power houses, the water will be used to irrigate orchards and farm lands in Placer County.

The project will involve an expenditure of one and one-half million dollars and is under the direction of Jim Martin, who superintended the building of the Pacific Gas and Electric Company's big Pit No. 1 power plant in Shasta County. The present plans call for the completion of the work prior to the setting in of this winter's storms.

MENLO PARK MAN IS STRUCK BY MACHINE

Jerry Donovan of Menlo Park was struck by a machine at Colma Friday night, May 29, at about 8:30 p. m. He received fractures, a deep scalp wound and abrasions of the face and scalp. He was on his way to San Francisco to see a doctor when he was struck by one of the Christenson Dairy trucks.

The injured man is at the local hospital and from last reports he is improving.

MISS BETSY DOLLEY IS HOSTESS AT PARTY

Mrs. J. James entertained her Sunday school class at her home, 792 Grand Avenue, Friday evening in honor of Miss Betsy Dolley, who is leaving soon with her parents for the east. She was presented with a photograph album. Those present were: Misses Helen Coleberd, Betty Hardy, Lurline Lewis, Dorothy Cross, Rita Lista, Sarah Black, Leora Miner and Juliette Enderlin.

DOLLARS TORN IN TWO

WHEN you send your dollars away from home, it is like tearing them in two. You are getting only a part of the possible benefit which you might receive from them. You may get just as much actual value for them in merchandise but you are losing all of the reflex benefit which comes from home-spent dollars. Home-spent dollars go toward building up this community, and whatever builds up this community benefits you, be you merchant, manufacturer or laborer.

SCHOOL EXHIBIT TO BE HELD ON JUNE 4

Preparations are being made for the school exhibit to be held in the high school auditorium on Thursday night, June 4. In this exhibit many of the classes will be represented by the work they have been doing. The typing classes have been working very hard, under the direction of Miss Pedrett, on the things that will be displayed, among them being the awards that were issued to the students.

A typing contest will be held on this date, among the intermediate and advanced typing students.

A mock trial, given by the low junior class, will also take place.

HIGH JUNIORS GO ON MOONLIGHT HIKE

The high juniors went on a moonlight hike last Tuesday evening, June 2, to the South City beach.

Various games were played on the beach and later they had a weenie roast.

Those present were: Misses Lois Alyworth, Georgian Knock, Helen Fischer, Dorothy Truax, Katherine

McCleod, Myrtle James and Messrs. Everett Rolff, Emmet Jones, Joe Bogle, Harold Davis, Tom Harris, Frank Whitehouse. The hike was chaperoned by Miss Gibson, Miss Connelley and Mr. Hunter.

NEWSY NEWS

The low juniors are planning to sell candy at the exhibit on Thursday, June 4.

The low junior class has been summoned to appear before the court on Thursday night, June 4, as witnesses in the mock trial.

RADIO CLUB HOLDS ELECTION

The Ether Wave Radio Club held a meeting on May 28 for the purpose of electing officers for next semester.

Those who were elected are as follows: Rousseau Enderlin, president; Albert Luty, vice-president; Tom Harris, secretary; Eugene Jennings, treasurer; Jean Dotson, Blue and White reporter.

The members of the club are anticipating great success in the next semester, as they expect to go on the air with a powerful C. W. transmitting set in the near future.

LOW JUNIORS GO ON MOONLIGHT HIKE

The low juniors went on a moonlight hike on Friday evening, May 29, to the Sand Beach. When the party reached their destination baseball and many other games were played. Later a large campfire was made and marshmallows were roasted. This was followed by ghost stories told by the talented students of the class.

The young people were chaperoned by their class teacher, R. Reed. Those who took part in the fun were: Misses Grace Eschelback, Dorothy Truax, Violet Georgi, May Jennings, Catherine McCleod, Rana Giffra, Clara Pickett, Frances Jennings and Messrs. Milton Kert, Harold Davis, Jean Dotson, Albert Luty, Vincent Felsenthal and Robert Reed.

DALY CITY

By BEULA O'ROURK

Mr. and Mrs. Coleman Cox of Ingleside Terrace spent Sunday visiting at the home of Mr. and Mrs. Macky Moss of Evergreen Avenue.

Mr. and Mrs. M. A. Malone of 62 Theta Avenue and Mrs. H. Cavassa of South San Francisco motored to Los Angeles last Friday evening. Mrs. M. Malone is visiting her mother, a resident of that city.

The dance given by the student body of Jefferson Union High School in their new auditorium was a proven success last Friday evening. The dance was strictly invitational. Music for dancing was furnished by Elmer Olsen's Hotel Whitcomb orchestra.

Mr. Gene Lucey of Brunswick Street and Lou Rider of Hanover Street spent the week-end in Half Moon Bay.

Mission and Regent Street was the

scene of an accident last Friday afternoon when the machine of Ramona Reed, Berkeley, collided with the machine of John Grogono of Tanforan ranch. Neither machine was badly damaged.

Mrs. C. Mosier of Peoria Street has been confined to her bed several days with a very bad cold.

Mr. and Mrs. R. Emerson, John Emerson and Mr. and Mrs. Arthur Emerson of Peoria Street spent the week-end at Santa Cruz and Big Basin.

Mr. and Mrs. W. Hesselien of 275 Evergreen Avenue, spent the week-end in Sacramento.

Mr. and Mrs. Herbert Knight of Bellevue Avenue are the proud parents of a fine baby boy, born Thursday evening, weighing eight pounds. Both mother and son are doing nicely at the Children's Hospital.

Mr. H. Fellows is constructing another of his many houses on Evergreen Avenue, between Irvington and Brunswick streets.

Mrs. A. L. Stockton and family of Crocker Avenue are spending the summer in Guerneville.

A. M. Dustin and family have moved into their new home at 139 Los Banos Street.

This week, the trustees of Daly City have declared a Library Week. All people who want to donate books will kindly send them to the City Auditorium or city clerk's office.

Little William Preston of Woodrow Street has been on the sick list this week.

Mrs. Chester A. Jones and daughter, Jeanet, of 458 Templeton Avenue motored to the Russian River over the week-end. Mrs. Jones and daughter were included in the automobile party of the American Yeomen. Mr.

and Mrs. E. N. Kingsland, formerly of this city, also attended.

Many of the younger members of Daly City, and also a few of the Hi Seniors of the S. S. F. H. S., attended a surprise party given by Miss Leta Lloyd of South San Francisco.

L. M. Reese has recently opened the theater on Mission and Templeton streets. Mr. Reese has recently come from Kansas and is now making his home with his family on 63 Evergreen Avenue.

Mr. A. P. Bellue of San Francisco visited at the home of Mr. and Mrs. L. Lombard of San Pedro Avenue last Sunday.

The drill team of the El Carmelo Parlor of the Native Daughters of the Golden West will hold a whist and dance in the Daly City Auditorium Tuesday evening, June 9.

H. E. Stearns, former proprietor of the restaurant at 6309 Mission Street, has closed his restaurant and moved to San Francisco.

V. R. Day and family have moved into the residence at 137 Hillcrest Drive.

Miss Helen Rider of Hanover Street and Miss Irene Biebel of Berkeley attended the Chamorita at Half Moon Bay last Sunday.

Alvin Wright, Jr., of 141 Hillcrest Drive had the misfortune of breaking his collar bone while playing with his smaller brother last week.

The scarlet fever quarantine has been lifted from the home of Mrs. A. Wright of 147 Hillcrest Drive.

Mr. and Mrs. H. Warshawski and twins of 6340 Mission Street, accompanied by Mr. and Mrs. J. P. Kelly of San Francisco, spent the week-end in the Santa Cruz Mountains.

Miss Evelyn Enderlin of South San Francisco attended the dance given

in the J. U. H. S. auditorium last Friday evening.

The new Daly City pound has moved its quarters to 760 Niantic Avenue.

Hugh Smith, Jr., of 251 Los Banos Avenue is suffering with a fractured arm.

Mrs. V. Hardy of 255 Knowles Avenue is contemplating moving from her present residence to Redwood City.

Mrs. T. J. Beeson of Irvington Street, proprietress of Thomas Jefferson's Cleaning and Dyeing establishment, was tendered a surprise party at the home of Mrs. D. Butler of 68 San Juan Avenue, last week, in honor of Mrs. Beeson's birthday. Mrs. Butler's home was beautifully decorated. Dancing filled the evening with enjoyment. Many San Francisco friends were entertained.

Mr. and Mrs. Dave Campbell of Guadalupe Avenue spent Saturday and Sunday in Santa Cruz.

A. Bundy of 287 Olivos Avenue returned home last Friday from Letterman Hospital, where he has been confined for the last six weeks after an operation.

J. Bush and family of San Francisco have moved into their new home on Wellington Avenue.

The graduation exercises of the pupils of the Jefferson Grammar School will be held in the new Jefferson Union High School Auditorium Thursday evening, June 11.

Mrs. M. J. Sornborger and Mrs. H. V. Wordeman, who spent the week-end with Mrs. E. C. Peck, returned home Sunday evening. While here they visited several hospitals, including Livermore, Palo Alto base hospital, Letterman General Hospital and Marine Hospital.

Beatrice Angela Farrell and Carol Edward Peterson were married on Thursday, May 28, 1925, by Judge Buck of Redwood City at 11:30 a. m. Miss Bernice Farrell, twin sister of Beatrice, and Mervin Nestrom of San Francisco, cousin of Mr. Peterson, were witnesses. Mr. and Mrs. Peterson will make their future home in San Francisco. Miss Farrell is the daughter of Mr. and Mrs. Edward Farrell of Commercial Avenue. She received her education in the grammar and high schools of this city. She was one of this city's popular young ladies.

Mr. and Mrs. H. B. Wood returned Sunday from Le Grand, where they were called to attend the funeral of Mrs. Wood's grandfather, H. E. McClure. Mr. McClure was one of the oldest pioneers of Merced County, having "crossed the plains" from Arkansas in 1853, and had resided continuously in California since that date. While he and Mrs. McClure were visiting in South San Francisco in July, 1920, they celebrated their sixty-first wedding anniversary.

COLMA ATHLETIC CLUB IS NOW INCORPORATED

A copy of articles of incorporation of the Colma Athletic Club is on file with County Clerk Elizabeth M. Kneese. Aurelio Bertetta is president of the club.

Join the Chamber of Commerce.

Western Meat Co. Notes

The plant was closed last Saturday in token of Memorial Day. The two days thus afforded an ideal opportunity for a number of the employees to go away for the week-end. Among those who took advantage of this opportunity were: Charles King, who took his wife and a group of friends to his summer home at Monte Rio. Mrs. King will remain there for two weeks, Charley planning to go up on week-ends.

Dr. Lewisohn drove down to Brookdale, in the Santa Cruz Mountains, with Mrs. Lewisohn and a group of friends. The doctor and his party went down on Friday afternoon and camped out until Sunday.

Miss Mabel McCollm spent the week-end with friends at Fresno.

Hal Woods and Mrs. Woods drove to Merced, where they spent the week-end with friends.

Harold Colgrove went down to Del Monte, where he participated in a golf tournament and spent the time with the other idle rich.

Frank and Florence Dominey motored to Marysville, where they visited with friends.

Jack Attridge, who always goes away over the week-ends, spent the last one visiting friends in the New Almaden country. The previous week Jack drove down to the Pinnacles. Jack recommends both places as ideal for week-end trips.

Arthur A. Anderson, sr., with Mrs. Anderson and friends, went down to Monterey on Sunday.

Mac Dotson and family spent the week-end at Santa Cruz with relatives, driving down Friday evening and coming back on Sunday evening.

The gang who drives "heaps" and other forms of gas vehicles have a new slogan, which we believe, was inspired by sad experience. "BUILD THAT BRIDGE" can be heard many times a day by devotees of the open road. We hope that the slogan is taken up generally and that definite results follow.

St. Paul's Community Church

Rev. Asa P. Beall, Minister

The annual Children's Day service will be rendered by the Sunday school at 11 a. m. next Lord's day. The church will be beautifully decorated and there will be an interesting program of songs, recitations and class exercises, which will please both old and young. The pastor will preach a seven-minute sermon, using as his theme, "He Paid Too Much for His Whistle." The baptismal service for children will be a pleasing feature.

The Bible school convenes at 9:45 a. m. The two leagues meet at 6:45 p. m. At 7:45 p. m. the pastor will preach and his subject will be, "The Cost of Love." There will be a helpful message; there will be the enthusiasm and cheer of happy childhood and glorious youth; so we should have a splendid day. Everybody welcome! Everybody come!

The Way to Beautiful Homes

Let him POUND!

But in the meantime, what is happening to the door? You can't drop everything and run each time the youngster demands admittance, even though he may seem to be breaking down the door. Protected by **VERSATILE SPAR VARNISH**, the door is safe from the attack of iron toy or kicking toe. The wood may be dented, but the varnished surface will not break.

Versatile Spar Varnish withstands both driving winter rains and scorching summer sun. This **water-proof varnish** should be used for all surfaces, that must stand real wear or tear—whether indoors or out. It is easy to get satisfactory results by following instructions on the can.

You can now paint your property and pay on the **Bass-Hueter Monthly Payment Plan**. Call and let us explain this plan to you.
